

A PH balancing daily exfoliant to remove dull, dead skin cells. The unique Thermal agent with heating actives will enhance penetration of minerals and anti-ageing actives. Leaves hands radiant and polished. Also contains Sweet Almond Oil, Chamomile, natural Olive Oil and Beeswax that acts as a multi-active skin conditioner.

Hydro-Thermal Exfoliant

WHAT MAKES ME DIFFERENT?

At Elim we understand the importance of a PH balanced skin and just like your inner body, your outer skin also needs to be balanced. This is why we chose Bicarb of Soda as a granule instead of normal salt. It also contains Zeolite, a negatively-charged compound with a cage-like structure. The negative charge acts like a magnet to attract positively charged toxins to the Zeolite. These toxins are then trapped in its cage-like structure and carried out of the body. It also traps allergens in the same way.

HOW DO YOU APPLY ME?

Can be used 2-3 times daily before applying Elim Age Reversal Hand Cream.

WHAT ARE MY ACTIVES AND BENEFITS?

- **Bicarbonate of Soda** base maintains the PH of the skin.
- **Sweet Almond Oil** - is a natural skin conditioner and a super hydrator.
- **Glycerin** - a natural humectant that attracts water to skin to increase hydration.
- **Capric Triglyceride** - is derived from Coconut Oil and is considered an excellent skin-replenishing ingredient.
- **Zeolite** - works to absorb the toxins, free radicals, and ions from the skin while helping maintain correct PH levels.
- **Olive Oil** - to moisturize and nourish.
- **Shea Butter** - an intense conditioner
- **Chamomile Flower** - calms and conditions while increasing penetration of actives.
- **Vit E** - a natural antioxidant and hydrator.
- **Olus Oil** - serves as skin-smoothing active.
