

*A deep cleansing, rich clay mask for your feet and hands. The Elim UltraMud is a botanically rich mask that was formulated with refined Bentonite clay to detoxify the skin of any impurities while the rich pure Coconut Oil nourishes and protects the skin. Contains Honey, nature's very own humectant to naturally hydrate the skin and lock in moisture.*

## Elim UltraMud

### WHAT MAKES ME DIFFERENT?

A volcanic ash base and Coconut Oil combination will avoid a dry cracking effect you are used to in clay masks and stays smooth. 17 Actives that detoxify, purify, protect, cleanse and hydrate is a record in actives in masks. An all in one super product for extreme results.

### HOW DO YOU APPLY ME?

Smooth a thin layer over cleansed hands or feet, allow to dry. Remove with lukewarm water. Use as part of the Elim Manicure or Pedicure.

### WHAT ARE MY ACTIVES AND BENEFITS?

- **Volcanic Ash** was used as a base to purify.
- **Soybean Oil** was added to improve skin tone.
- **Vitamin F and Rosemary Oil** are the anti-ageing actives.
- **Maca Root and Mountain Bulbinella**. The 2 super-foods for the skin.
- **Arnica and Ginger** acts as an anti-inflammatory.
- **Honey** is a natural humectant.
- **Collagen and Vitamin E**.
- **Lanolin and Urea** for super hydration and finally;
- **Titanium Dioxide** - Nature's own SPF.

### HOW MANY TREATMENTS DO I GET FROM EACH PRODUCT?

#### Professional Usage:

- 5ml massaged gently into feet during pedicure.
- Wrap in warm compress. Wash off after 3 minutes. Professional size contains enough product for up to 60 applications.

### I AM AVAILABLE IN THESE SIZES

Professional - 300ml (10.14 fl.oz)
